THE WORLD HUNTING AWARDS PROGRAM

an introduction

Safari Club International
Trophy Animals of South Pacific
Doug Lugar
COPPER LEVEL 2003
BRONZE LEVEL 2004
SILVER LEVEL 2004
GOLD LEVEL 2004
DIAMOND LEVEL 2005

The World Hunting Award Program was designed to recognize hunters who have achieved exceptional levels of big-game success.

For these awards, members pursue certain species in order to attain a specific award.

If you would like to learn more about the World Hunting Awards program, please contact the Record Book Department.

CONTINENTALS

This award program was designed for those who want to travel a continent and hunt its most iconic species.

INNER CIRCLES

Inner Circles are unique in that they have 5 Different Levels within each award: Copper, Bronze, Silver, Gold, and Diamond. This provides an entry level to the award as well as an opportunity for the hunter to pursue higher degrees of difficulty.

Often Cumulative Awards will require a certain type and level of Inner Circle in their list of requirements.

MILESTONES

Milestone Awards are designed to have varying levels of difficulty from award to award, with some being accessible to the average international hunter and some being extended lists which require years to pursue. Some milestones are based on continent (i.e., African 29 and European 25), and some on collecting sub-species (i.e., Wild Turkey of the World), and still others on unique characteristics (i.e., Dangerous Game of Africa or Tiny Ten).

Requirements for milestones often overlap, and sometimes feed into, requirements for Inner Circles and other awards.

Members have the choice when buying a milestone plaque of choosing a stand-alone plaque (the first picture above with the green background) or a 16 Plate Plaque, which can fit up to sixteen milestones on it. The second pictures depicts the 16 plate with an economy bronze.

CUMULATIVE AWARDS

Cumulative Awards are some of the highest-level and most difficult to achieve, as they consider the number of Milestones and Inner Circles one has achieved. Once achieving the Pinnacle, one can progress upward to reach their desired Cumulative Award. The SCI World Conservation and Hunting Award (affectionately referred to as “The Yak”) is the highest award a member can receive in the World Hunting Awards program, with less than 70 SCI members achieving it to date.

* may be darted

** Damalisc consists of Korrigum, Tiang Topi, Tsessbe, Hirola, Blesbok, White Blesbok or Bontebok

Disclaimer: The North America 12 and/or African 15 were converted to Continental Awards effective 5/31/2012. Anyone who began participating in the World Hunting Awards prior to 5/31/2012 can still purchase the North America 12 and/or Africa 15 as Milestones to apply to their cumulative awards. Participation meaning, purchasing any World Hunting Award Milestone or Inner Circle prior to 5/31/2012. As of 08/10/2016, for Cumulative Awards (Pinnacle of Achievement to World Conservation and Hunting Award), the RBC approved that 2 Continental Awards may be used to substitute for 1 Milestone Award. A maximum of 4 Continental Awards may be used to substitute for 2 Milestone Awards.

*** May be darted

**** From native habitat in country of origin

There is a slightly different entry procedure for SCI Animals of Africa. In most other Inner Circles, you may enter any combination of eligible animals listed to arrive at the required minimum number. For Animals of Africa, you must have taken the specific animals listed in each column to qualify for that particular Inner Circle level. For example: to enter at the Bronze level, 26 animals are required. Under the column heading "Bronze" you will find the animals grouped into categories. The number in the Bronze column tells you how many varieties in that particular group are required. You must have all of the 26 animals listed in that column to qualify for the Bronze Circle.

Note: Nubian ibex and Aoudad (Barbary Sheep) are not required, but if taken in native habitat, can substitute for any other animal. Water chevrotain is not required but can be substituted for any pygmy antelope, dik-dik, or duiker.

Wear it with pride.

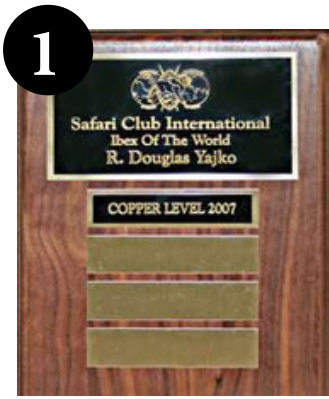

MILESTONE LAPEL PINS allow you to carry your hunting legacy with you wherever you go. These high quality pieces are a must for attending SCI Convention, local chapter events, or to start conversations wherever you find yourself!

To place an order, please contact the Record Book Department at 210-512-8178 or SCIRecordBook@SafariClub.Org

SCI Cumulative Milestone Lapel Pin
for those who have completed all eight milestones

INNER CIRCLE PLAQUES

Bronze level
brass plate →

Silver level
brass plate

Gold level
brass plate →

→ Diamond level brass plate with
bronze animal base

COPPER, BRONZE, SILVER, GOLD

The Copper level is the first level that members achieve on an Inner Circle. When this is achieved and paid for, you will receive a 10x8 walnut plaque. There is an engraved brass plate displaying the SCI logo and award name with your name proudly engraved below the program name. Below the name plate are 4 successive blank brass plates, with the Copper level plate engraved at the top.

DIAMOND

Once the diamond level is achieved and paid for, you get to choose from one of the many economy bronze animal bases that hold your Inner Circle Plaque.

LEVEL	LISTING FEE	ENTRY FEE
1 COPPER	\$150.00	\$300.00
2 BRONZE	\$150.00	\$300.00
3 SILVER	\$150.00	\$300.00
4 GOLD	\$150.00	\$300.00
5 DIAMOND	\$150.00	\$300.00
TOTAL	\$750.00	\$1500.00

ECONOMY BRONZES

These anatomically detailed sculptures are admired for their elegance and timeless beauty that captures wildlife at its best. Each of these delicate works of art is individually cast. Rendered to the specification of the sculptor, each piece surmounts showroom quality.

These bronzes are beautiful on their own or holding one of your Inner Circle or Milestone Plaques.

African Lion L12"xW8"xH10"

Aoudad L12"xW8"xH11"

Axis Deer L12"xW8"xH13"

Bongo L12"xW8"xH11"

Cape Buffalo L12"xW8"xH9"

Caribou L12"xW8"xH13"

Select Your SCI World Hunting Award.

INNER CIRCLE ECONOMY BRONZES

Now you can reflect your personal taste in designing your award for display in your trophy room, home, or office. Each one of your successful hunts is a memorable, cherished experience. Usually, a hunt for one particular animal will be remembered above the rest as a truly outstanding adventure. Once you are qualified and entered into one of SCI's World Hunting Award programs, you can choose a bronze base to represent your finest hunt.

These anatomically detailed sculptures are admired for their elegance and timeless beauty that captures wildlife at its best. Each of these delicate works of art is individually cast. Rendered to the specification of the sculptor, each piece surmounts showroom quality.

The bronze base is automatically awarded at the Diamond Level of each Inner Circle or after entering ten Milestones. You can receive the base at any level of an award program by paying the difference equivalent of the Diamond Level entry fee or ten Milestones fees in advance. As you qualify for higher levels in this particular award program, the engraved plates would be furnished without any further entry fees.

You can choose your sculpture from these fine pieces shown or call the Record Book Department at the SCI Headquarters in Tucson (520) 620-1220, for other available sculptures.

Of all the hunting awards available in SCI, many members find the WHA's to be the most fun to achieve. For some, the WHA's provide a handy road map for scheduling certain hunts along their pathways to adventure. For others, the WHA's represent validation of their commitment to a group or grouping of animals that they particularly want to honor. Sculptors Fred Boyer and John Tolmay bronze enhance any trophy room. 🐾
